

THE TURKS ARE BEING PEEVED

Russia Reported To Be Concentrating Troops in Trans-Caucasia.

TURKEY MAY EXPEL ALL THE ITALIANS

Demonstrations Are Made In Honor of the Italian King.

London, Oct. 9.—It is understood that the Turkish government is endeavoring to ascertain the power in Italy is willing to conclude peace and that, pending the outcome of these four parties, the decree of expulsion will be withheld. It is stated from Constantinople that Envoys Hey is not going to Tripoli as was supposed to create a misunderstanding with the Italian, but that he will return to his post in Berlin where he will study the attitude of the Turkish cabinet. This indicates that the Turkish government is desirous of peace, but there is little hope that any practical peace will be reached. The Italian government is insisting upon the maintenance of the autonomy in Tripoli. In the event of failure, the negotiations are expected to be broken off and a general treaty of peace will probably be concluded. The Italian government is insisting upon the maintenance of the autonomy in Tripoli. In the event of failure, the negotiations are expected to be broken off and a general treaty of peace will probably be concluded. The Italian government is insisting upon the maintenance of the autonomy in Tripoli. In the event of failure, the negotiations are expected to be broken off and a general treaty of peace will probably be concluded.

CONTESTANT THANKED

Those Who Attended Coronation Are Praised by British Commission.

Ottawa, Oct. 9.—A letter thanking the Canadian coronation contingent for taking part in that ceremony has been received by Earl Grey and is posted in this week's minute orders. The letter is signed by the Right Hon. Viscount Harcourt, commissioner of public works, and states that the British government feels that the association of coronation in London had good effect in bringing together of friends and men from widely separated portions of the Empire. The Canadian contingent was specially commended in its appearance and efficient work.

EVIDENCE WAS BRILLIANT

The Arguments Will Begin In A. & G.W. Suit Today.

HEARING OF CASE HAS BEEN BRIEF

Dr. Rutherford Tells Of Dying Days of Old Government.

J. P. McMillan, manager of the Edmonton branch of the Royal Bank, M.J. McLeod, clerk to the Executive Council, and ex-President Rutherford, have appeared in the witness stand in the defense in the Great Waterways case in the Supreme Court yesterday afternoon. The full case for the defense had been presented at 1:30 and the court adjourned until 9:30 a.m. this morning when any further evidence in the defense is to be put in. The defense is to be followed by the argument. In the afternoon, the witness stand will be occupied by Mr. Moss and Mr. G.W. Rutherford, representing the Alberta and Great Waterways Railway and the Canada West Construction Company respectively. The case is being heard by the representatives of the province.

AVIATOR HAS NARROW ESCAPE AT MONTREAL

Machine Picked Suddenly by Storm, Then Threw Pilot Into Air and Struck Ground With Terrible Force—Victim Still Shaken.

Montreal, Oct. 9.—Pilotage, the French aviator who first came into Canada, was picked up by a storm, then thrown into the air and struck ground with terrible force. The machine was picked up by a storm, then thrown into the air and struck ground with terrible force. The machine was picked up by a storm, then thrown into the air and struck ground with terrible force.

WILSON'S LAST APPEARANCE

President Wilson's last appearance in public was reported today by the government.

WILSON'S LAST APPEARANCE

President Wilson's last appearance in public was reported today by the government.

WILSON'S LAST APPEARANCE

President Wilson's last appearance in public was reported today by the government.

months would be used only for the purpose of the railway. Mr. Bennett conducted the cross-examination. He asked the witness whether the difference of opinion as to the date of the trial was a difference of opinion as to the date of the trial. He asked the witness whether the difference of opinion as to the date of the trial was a difference of opinion as to the date of the trial. He asked the witness whether the difference of opinion as to the date of the trial was a difference of opinion as to the date of the trial.

Government's Resignation. Mr. Walsh asked a number of questions concerning the resignation of Mr. Bennett's government, concluding: "And the house adopted pending the sitting of the Royal Commission?"

"And before the report was presented your government resigned?" "Yes." "And you never signed approval of the plan or approval of the railway?" "No."

The case for the defence was then announced concluded by Mr. Bennett. The counsel for the plaintiff asked to be allowed time to cross-examine the witness, if any, should be offered in rebuttal, and solicitors for the plaintiff were allowed to cross-examine the witness. **Monday Morning.** The Alberta trial of the Waterways deal came into the limelight yesterday with the opening of the second round of the trial. The action brought by the province to compel the Royal Bank to refund the provincial treasurer the sum of \$1,000,000, proceeds of the A. & G. W. bond sale, was the subject of the trial. On the decision of this case also rests the disposition of the \$1,000,000 bond money already paid into court by the Union Bank and Dominion Bank. This \$1,000,000 was secured interest was declared to form part of the general revenue of the province by the provisions of the act of the Legislature of December 16, 1910. The relation of all parties concerned with this is determined in the end.

One Witness for Plaintiff. The trial of the action commenced in the Supreme Court at ten o'clock in the morning. Mr. Justice Stuart presiding. The case for the plaintiff was presented by Mr. Walsh, K.C., of Calgary. Mr. Walsh cited the act of the Legislature of December 16, 1910, as the basis of the claim. The province against the bank, and at length the examination of the witness for discovery of J. H. McMillan, manager of the Edmonton branch of the Royal Bank. This examination was made in June last and related largely to the \$1,000,000 of the order of the provincial government. But one witness was called for the plaintiff, O. B. Kirkpatrick, manager of the Edmonton branch of the Royal Bank. The witness of the plaintiff was presented in less than an hour and the case for the plaintiff was opened by R. B. Bennett at eleven o'clock with a motion that the action be dismissed for three reasons, which were cited, but will not be argued at length in the course of the trial. A stipulating of procedure was presented in the court and a few interludes, some of which had been summoned as witnesses, including ex-Provincial Secretary J. H. McMillan, manager of the Royal Bank; J. M. McLeod, clerk to the executive council, and H. G. Brown, deputy provincial secretary.

Continued in the Court. An imposing array of counsel was present. The province was represented by W. L. Walsh, K.C., of Calgary; P. Davis, of Vancouver, and L. P. Charr, deputy attorney general. R. B. Bennett, K.C., of Calgary; H. Brown, of Kingston, Ont., and H. H. Heyman, of Edmonton, represented the Royal Bank. J. H. McLeod, of Toronto, appeared for the Alberta and Great Waterways Railway Company, and C. F. Newell, of Edmonton, for the Canada West Construction Company.

Mr. Bennett made the first motion. That the name of the King, coupled with that of the provincial treasurer, in the action against the Royal Bank be stricken from the action, as having nothing to do with the case. The objection was noted.

Mr. Walsh opened the case for the plaintiff by reading the examination for discovery of J. H. McMillan, manager of the Edmonton branch of the Royal Bank, made in June last. Mr. Walsh put in as evidence a copy of the document delivered to Mr. McMillan by the treasury department of the government, in which it is agreed that the name of the King, coupled with that of the provincial treasurer, in the action against the Royal Bank be stricken from the action, as having nothing to do with the case. The objection was noted.

Mr. Kirkpatrick whether the province was not indicted to the Imperial Bank at the time the cheque was given the bank for collection. Mr. Walsh replied that it was not. He asked in reply to questions by Mr. Bennett, that had the money been collected it was to go to the credit of the government against its indebtedness to the bank. Had the money been collected from the Royal Bank, it would have been paid to the government in the ordinary course of business. It was stated that there had been made until an order had been received from the government to any case.

Mr. Bennett moved that the action be dismissed on three grounds: (1) That the statute of December 1910, was ultra vires of the legislature of the province; (2) That the statute was intended to accomplish its purpose; (3) That there was no compliance with the terms of the statute.

The argument on these points was waived by Mr. Bennett, and by Mr. McMillan, in accordance with the motion. Mr. Justice Stuart reserved his decision on the application.

Permission was granted the plaintiff's solicitors, at the close of the day's hearing, to be allowed to cross-examine the witness, if any, should be offered in rebuttal, and solicitors for the plaintiff were allowed to cross-examine the witness.

Mr. Bennett produced and filed as exhibits, copies and originals of deeds, mortgages, and other documents, all bearing on the agreement between the government and the A. & G. W. Railway Company, the sale of the bonds and their guarantee and the subsequent action of the bank on their sale in the Royal Bank. The original copies of the A. & G. W. Railway Company, the sale of the bonds and their guarantee and the subsequent action of the bank on their sale in the Royal Bank.

The court adjourned at 12:30 to sit again at two o'clock. **Government Blamed for Default.** In its statement of defence, filed with the court, the Alberta Railway Company denies ever having made default in the construction of the railway. It claims that the railway was not completed within a year from the passing of the act of incorporation. It defaults made by the railway company in the construction of the railway. It claims that the railway was not completed within a year from the passing of the act of incorporation.

Base of Plaintiff's Claim. The claim of the plaintiff is stated to be based entirely upon and upon the provisions of an act of the Legislature of the province of Alberta, passed Dec. 16, 1910, chapter 9, of the acts of 1910, (second session), which is an act respecting the bonds guaranteed for the Alberta and Great Waterways Railway Company, and an act to specify certain defaults of the railway and the consequent rights of the province. This, by which \$1,000,000, with accrued interest, due to the province, is recited in full to form part of the general revenue fund of the province, is recited in full to form part of the general revenue fund of the province.

Mysterious Death at Fort William. Fort William, Oct. 8.—John Beattie found in a restaurant apartment in a Frankenstein stupor was taken to the police cell Saturday morning early. He was noticed to be breathing heavily. A doctor was summoned and had him removed to McKillop Hospital, where he died early this morning. He was about 35 years of age. His death will be investigated by the coroner's jury on Monday afternoon.

AROUND THE CITY

Government Responsible. "It deft was made by the defendant, the Alberta and Great Waterways Railway Company, in payment of interest upon the bonds, as alleged by the plaintiff, the province of Alberta, caused by the action of the government of the said province in stopping the construction of the said line of railway and refusing to permit of its completion."

"If default was made in payment of interest on the said bonds, as alleged by the plaintiff, such default, by the express terms of the said mortgage deed, provided that in default of payment of interest for three years, the government might enter upon the mortgaged premises and the defendant may apply the application to the legislature to summarily foreclose the said mortgage or to deal with it otherwise than as therein provided and is a breach of the covenants and agreements by the plaintiffs therein contained, of which the plaintiffs, as such covenanting parties, must not be allowed to take advantage."

Groundlessness of Claim. The defendants further say that the plaintiff's statement of claim discloses no ground of action in law for the following reasons: The act of 1910 does not repeat any of the acts or omissions of the defendant, the Alberta and Great Waterways Railway Company, and the King and does not free the government in question from the trust of the said mortgage deed, and the defendants, the Royal Bank of Canada and the Canada West Construction Company, are corporate bodies, and the said act of 1910 does not free the government from the trust of the said mortgage deed, and the defendants, the Royal Bank of Canada and the Canada West Construction Company, are corporate bodies.

Deaths in the Highlands. There are twenty-seven more births than deaths in Edmonton during the month of September. The number of deaths during the month of September was 13, and the number of births was 40. The number of deaths during the month of September was 13, and the number of births was 40. ITALIANS TO SUPPRESS SLAVERY IN TRIPOLI

New Government Has Issued Order That Slave Traffic Must Cease—Feeling in London is That Danger of Europe Becoming Embroiled is Remote.

London, Oct. 7.—The close of the week saw a gradual improvement in the international situation. Well-informed circles here in close touch with the foreign office do not anticipate the European conflagration, which for a time threatened to follow the attack by Italy on Turkey. German and Austrian influence seems to have been successfully exerted to prevent the ambition of Italy to go on the offensive in the Mediterranean. The troubles of the Italian government naturally meet with little sympathy here, for it is remarked it was Germany alone which inspired Austria a couple of years ago to seize Bosnia and Herzegovina, and in incidentally securing an Italian ally, for which she has been a slaver.

A more cheerful forecast prevails here as to the outcome of the present hostilities. The Turks appear to have held the Italian situation well in hand, and Austria is hardly likely to expose her eastern flank when relations with Italy are strained.

It is possible now week may see the exchange of four parties through a neutral power, with a view to extinguishing both parties with as little loss of national dignity to each as possible under the circumstances.

Helps France to Settlement.

Paris, Oct. 8.—The Turkish-Italian embargo has had one useful effect in directing the attention of the French public from the international shufflings in connection with the tentative bargain made with Germany for the settlement of the Moroccan dispute. It was realized all along by the French cabinet that the gravest danger of settlement along the lines already published was an outbreak of Chauvinism on the part of the nation, which might very properly have become alarmed at the big international conferences proposed in the French press. It looks as though Italy were engaged in pulling the French chestnut out of the fire. Le Petit Journal published a cartoon to this effect.

Tripoli is Tranquil.

Malta, Oct. 8.—Professor Arbuthnot, chief of the Austrian scientific mission, who has arrived here from Tripoli, says the town is tranquil. Murders are not encouraged, and only 1,000 Turkish soldiers remain in the hinterland. The Arabs, however, he says, already are organizing guerrilla bands and intend to put up a dozed resistance. Professor Arbuthnot expresses the opinion that if Italy is content with the occupation of Tripoli her mission might be considered ended. But if she intends to embark upon a campaign in the hinterland, it will take years to subdue the natives.

To Suppress Slavery.

Rome, Oct. 8.—(By way of the frontier.) The Italian authorities at Tripoli today issued a proclamation suppressing slavery. Tripoli was the only remaining port on the coast of Africa where slavery still prevailed.

standing the great efforts of Great Britain on the one side and France on the other to prevent the traffic. General Spingard, the minister of war, went to Naples to meet the Italian government in the exercise of the authority conferred by article 21 of the Merchant Shipping code, namely, the right to seize and capture merchant vessels of Turkey. The following articles are declared contraband of war: Firearms of every description, including revolvers, pistols, rifles and revolvers, sares, all kinds of ammunition and war material and in general everything that can serve for military or naval armament.

May Cause Complications.

The attitude of the Turkish government with regard to the Italians in the Ottoman empire is viewed with great concern and the order of expedition and the abolition of the capitulations is regarded as a source of serious complications. It is expected that Germany, which now has the Italian embargo as a pretext for the seizure of the Italian colonies, would object to such action.

Will Obsolete to Peace.

Washington, Oct. 8.—Address received today by the state department from the embassy at Rome, express the belief that if the Ottoman government accepts the occupation of Tripoli and renounces the statute under which it is in Turkey the Italian government will be desirous of bringing about peace as soon as possible. The efforts of Germany to effect a settlement continue unabated, according to dispatch. The news of the occupation of Tripoli by the Italian forces was confirmed, and it was stated that marines had been landed without serious opposition. The Turkish government withdrew into the back country. The interest of the nations under the Turkish and Italian governments declaring that merchant vessels of the two host nations shall be seized and confiscated and also received today.

Old Country Live Stock.

Liverpool, Oct. 9.—John Rogers & Co., Liverpool, cable today that there was a very slow trade in the Liverpool market and while the price of good cattle was well maintained, rough beasts sold for less money, full quotation being: Steers from 12 to 14 to 15 to 16 to 17 to 18 to 19 to 20 to 21 to 22 to 23 to 24 to 25 to 26 to 27 to 28 to 29 to 30 to 31 to 32 to 33 to 34 to 35 to 36 to 37 to 38 to 39 to 40 to 41 to 42 to 43 to 44 to 45 to 46 to 47 to 48 to 49 to 50 to 51 to 52 to 53 to 54 to 55 to 56 to 57 to 58 to 59 to 60 to 61 to 62 to 63 to 64 to 65 to 66 to 67 to 68 to 69 to 70 to 71 to 72 to 73 to 74 to 75 to 76 to 77 to 78 to 79 to 80 to 81 to 82 to 83 to 84 to 85 to 86 to 87 to 88 to 89 to 90 to 91 to 92 to 93 to 94 to 95 to 96 to 97 to 98 to 99 to 100 to 101 to 102 to 103 to 104 to 105 LUMBERMEN WILL STOP COMPECTION

Will Sell Lumber in Future from Central Office in Calgary—Will Throw Large Number of Travelers Out of Business.

Calgary, Oct. 9.—Far-reaching changes were decided at the conference held in Calgary over the week-end by the members of the Coast and Mountain Lumbermen's Association. It was decided among the members that they would close down a large number of their mills this coming season, and in some cases mountain mills, not a wheel will turn until 1912. It was also decided that the camps will be abandoned and generally the lumber men will mark time for about a year. Another important change which was agreed upon was that the lumber which is at present in stock at the various mills will be sold through an office, to be located in Calgary. Possibly the mountain and coast association will have separate offices, but there will not be more than one selling agency at the outside.

It is said that the dealers and mills are all pretty well stocked and the idea of selling through one office is that the mills will get cleaned out of their surplus lines. As the business has been conducted for the past year, there has been some cutting in prices, and a mill and a large stock of lumber in his hand, it would tell his travelers to make a cut of \$1 at a thousand on this particular article. Under the present arrangement, competition is to be removed. The dealers can only buy from the head office in Calgary and only at the meeting. The effect of the new arrangement will also be to bring all the mills and the associations into one.

It can easily be seen that independent owners will not have any change against the members of the association, which would put the lumber in at a price, and put the independent man out of business. The trade for the past year has been somewhat unsatisfactory, and the members of the American mills. It was decided at the meeting Saturday that the association would meet all cuts that the Americans might make, and put them out of business at all costs. At the same time, an effort will be made to increase the Government pay, but on American lumber that would give them a decision in the rough lines of lumber, in which they have to meet the keenest competition at present. As a result of the placing the lumber from one office alone, there will be nearly 250 lumber travelers out of employment. The individual salesman that the mills had on the road will now be out of employment as it is anticipated that through the new arrangements, probably a dozen men will be able to handle all the orders.

These in close touch with the lumber business say that there is not likely to be any advance in the prices of lumber until next year. It is not known whether there will be even then, but it is reasonable to suppose that when the markets are fairly closed and the mills have their surplus stock cleaned out, there will be another meeting of the associations and a new price will be set for some, at least, of their outputs in the meantime, it will be taken as an assurance that the last price which the mills have adopted will be adhered to without any variation.

Died Under Peculiar Circumstances.
Winthrop, Oct. 8.—Mrs. E. Gallagher, living apart from her husband at 415 Fairmount street, died suddenly under strange circumstances at the residence of friends, 415 Sherbrooke street. The remains are held for the coroner, who had been during the evening of Saturday and went to lie down at 4 p.m. When the family was resting she was found dead.

Change in Grand Truck.
Toronto, Oct. 7.—V. E. Gillen, vice president of the middle division of the Grand and Truck railway, has been named as the new president of the Grand and Truck railway, a change in the position is stated for a change. It is understood that Mr. Gillen will go to Winnipeg to assume the duties of general traffic manager of the Grand Truck Pacific.

G.T.P. MECHANICS GO UPON STRIKE TODAY

Notice Calling Strike Among Boiler-makers Putting in Edmonton Locomotives that it Was Taken Down—Amen, and Men Will Be Affected.

Winthrop, Oct. 8.—Boiler-makers and machinists of the Grand Trunk Pacific to the number of 150 will go on a strike in the morning. Negotiations for a settlement which have been pending over two months have not metred. The leaders of the men claim that there has been a lock-out at Riverton, and that they are therefore taking in the action that they are taking in going out now. The company deny the lock-out and say that the shops are only closed for repairs and will be opened Wednesday. The representative of the locomotives said that he had called the strike for tomorrow morning as he felt that the company did not get their representative to the meetings of the board.

A note of similar suspension of work as at Riverton had been posted at Edmonton, though it had been taken down later and the men were still at work there. He was aware that there was no lock-out but that there was only a bluff on their part and work on the shops had been going on while the repairs that they spoke of were being made. Notice of the strike was communicated to the company this morning by Mr. Somerville. He says that they are not claiming the recognition of any union but merely that the men should have the same conditions of labor as prevail on the other lines of the west. It will affect points all along the line from Westford, Ont. to Riverton, Alta. The men going out will be the shops at Riverton, and they number 250. Their demands are for the same conditions as are in existence on the C.P.R. and C.N.R., namely 45 1-2 cents per hour and a nine hour day. The men who will not go out are Westford, Riverton, Drummond, Transcona, Rivers, Watrous, Wainwright, Edmonton, Medicine Hat, and Calgary. A conciliation board was appointed early in August consisting of Mr. Harting, the chairman, Wallace Nesbitt, of Toronto, the representative of the company, and J. Murray, representing the men. Despite frequent attempts to have a session, it has failed to meet. Mr. Nesbitt being unable to be present. He has now resigned for the second time and the other two members of the board have wired to Mr. Horden, asking him to appoint a successor.

TORONTO TORIES SAID TO BE IN OPEN REVOLT

Premier Elected Premier Reported To Be Deluged With Protest Against Appointment of W. T. White as Minister of Finance.

Toronto, Oct. 9.—It is freely stated here today in the cabinet announcement is caused by the proposal to make W. T. White of Toronto, minister of finance. The opposition of Tories to Conservatives, which broke out last night, spread all over the province and it is understood that Premier Borden has been almost swamped with messages protesting against the appointment to this position of the man who had up to the present time been considered an ardent Liberal. While the Toronto for Ottawa presumably to be given the same team with him was a strong delegation of old line Conservatives from various parts of Toronto and Western Ontario, who will wait on the Premier to make a big line about White's appointment.

MORGAN'S PERSONAL TAX

Carnegie and Mrs. Russell Sage Will Pay on Tax Millions Each.
New York, Oct. 7.—The "Blue Book" of leading New York millionaires was published here today. It is included in the list of personal tax assessments.

Andrew Carnegie and Mrs. Russell Sage head the moneyed parade, each being assessed at \$10,000,000. J. Pierpont Morgan is let off with a mere \$980,000, \$200,000 less than the city fathers classify Joseph Pulitzer. The Vanderbilts are represented by assessments aggregating more than \$2,000,000. John D. Rockefeller will pay on the basis of \$5,000,000.

DENIES CENSORSHIP OF NEWS

Portuguese Minister Receives War News From His Own Country.

Washington, Oct. 8.—Domestically made in a statement issued by the Portuguese minister in Washington today that a censorship of news had been established in Portugal. At the same time a public celebration received by him from his government, stated that the garrison of Francisco had been increased to render it safe against armed men to cross the frontier.

Six Boys Killed in Wreck.
Hucklin, Mo., Oct. 8.—A Burlington freight train was wrecked here a mile east of Lingo, Mason County, about seven o'clock tonight. Six boys who were on it from New Cambridge and Taylor, Mo., are reported to have been killed.

Talks of Separate Schools.
Winthrop, Oct. 9.—The Northwest Review, the organ of the St. John's Catholics, looks to a revival of the school question. In its current issue it calls on Borden to give Manitoba separate schools or cease being a hypocrite.

ANNOUNCEMENT OF THE CABINET TODAY

New Delinquent Announced that it Will Not Include Andrew Broder—Longfellow From Alberta and Martin Burrell from British Columbia.

Ottawa, Oct. 8.—There will be no official announcement of the Borden cabinet until before noon tomorrow, when the ministers will be sworn in by His Excellency Earl Grey. The makeup of the cabinet is a new one, but Mr. Borden declined to give it out and other cabinet members such as Rogers and Cochrane say that it should not be put out until the 1st until Mr. Borden has seen His Excellency Earl Grey in the morning. The statement is made definitely tonight that Andrew Broder will not be in the cabinet, but that Dr. J. D. Field, the member for Grenville, will represent Eastern Ontario. He will be the minister of marine.

If Broder does not come in, Martin Burrell, of Yale-Caribou will in all probability be minister of agriculture. Another Longfellow, of Calgary, may be secretary of state, or minister without portfolio.

NO SMOOTHERS IN AUSTIN.

Little Town Sorely by Flood is Jealous Of Its Dead.

Austin, Pa., Oct. 6.—In a drenching rain with rain beaten by mountain streams, Governor John K. Tener, who arrived here last night, on his tour of inspection of the destroyed district, the dam of the Haystack Paper and Paper Company, the going out of which resulted in the death, distress and privation which has over-spread this village. The time of clearing away wreckage, the search for more bodies, and the efforts to get men, not only as laborers, but as cooks, whose services are sorely needed, continued today. The depletion of food supplies, however, is taxing the energies of the commissary as well as the railroads. The seventeen nurses from the state dispensary have been working since last night, and their strength is being forced to do duty at the morgue and to act as cooks and serving maids.

There has been a remarkable absence of rioting in the streets of the dead. There are no carriages or vehicles beyond the rough undertaker's wagons. In most instances, when a body is turned over in a relative, a single service is held and the casket is borne to one of the little cemeteries here by friends.

A strict guard is still kept on all roads, and no one is allowed to pass without authority. Incoming trains carry only necessary baggage or freight, and passenger coaches are locked at Keating Summit to keep the idle curious from crowding aboard and coming on to Austin.

PUGSEY IN MONTREAL

Says Only Tenders Were Awarded For Which Contracts Were Called Before Election.

Montreal, Oct. 8.—Hon. J. M. Pomeroy, late minister of public works, spent today at the Windsor, in relation to the letting of contracts for the cutting government he said those for which tenders had been asked previous to the election had been awarded, but the government had thought it best to have over large matters like the St. John harbor, the contract for the railway from Halifax eastward, a small extension in Prince Edward Island had also been granted. As to appointments he declared that no appointments had been made. The statement that the administration had made a judicial appointment in Prince Edward Island resulted from a misunderstanding. All that had been done was to approve the judicial appointment of the local government. Mr. Pomeroy stated that he would retire his profession in St. John. He returned to Ottawa this morning to make arrangements to move back to St. John later.

COAL MINE NEAR MOOSE JAW

Fear of Coal Shortage Has Been Entirely Relieved.

Moose Jaw, Sask., Oct. 8.—An excellent feeling of optimism has been occasioned in Moose Jaw by the announcement that the coal mine in the vicinity of the town of Laidlaw, 45 miles south of here, is a complete success. The company operating it organized through the efforts of John E. Chisholm, has now quite a large plant on the ground and 250 men are being turned out with prospects of steady increase. Ten men are working in the second-floor, extending the full length of the company's 260 acres. The quality of the output is excellent, being better than the steam variety at Souris. Any fear of a Moose Jaw coal shortage may be abandoned and it would appear this field will solve the question of power for the city.

MURDER AND SUICIDE

Forest, Sask., Man. Slain, His Wife Probably Fled Brazil and Then Killed Himself.

Forest, Sask., Oct. 8.—Shortly after eleven last night, Chas. Lohr, a man of 35, shot his wife four times with a .25 calibre revolver and she is not expected to recover. He then went to his home and after gashing his wrist, he or some one approached the house and shot himself with the remaining cartridge in the revolver. It is believed that financial worries, and differences with his wife has unhinged his mind. He was an old soldier here, died. Luke was an old soldier here, and generally respected.

FIRE DID NOT DETER ENERGETIC POLICY

Owner of Largest Corset Factory in Empire BUILT New Factory.

Mr. George E. Amyot, of Quebec, is in Montreal today and reports that the new factory to replace the Dominion Corset Company's works, destroyed by fire last spring, will be completely finished on November 15. Though he was in Europe when the fire took place and he was forced to break up his trip very abruptly, yet Mr. Amyot points with justifiable pride to the fact that 26 days after the blaze four temporary factories in different parts of Quebec were busy filling orders, and that six weeks after the fire the production was as large as it had been before.

After hesitating as to whether he should remove his factory to Montreal, Mr. Amyot, who had some so far as to purchase in the city a large manufacturing site, decided to remain in Quebec and immediately planned and began the work of rebuilding on a larger scale than ever, but in the same location.

Three months later—September—always a busy month, saw the force move in the new, but as yet incomplete factory, and the production showed an increase of 25 per cent over the same month of the previous year.

On November 15th less than six months after the fire, the new factory will be completely finished and by December 1st, this splendid new building, probably the largest corset factory under the British flag will be in full swing and the staff will be preparing for the celebration of the twenty-fifth anniversary of the foundation of the business which will take place in Quebec between Christmas and New Year.

Also Mr. Amyot has not hid himself from Mr. Fielding's celebrated remark to certain Canadian manufacturers concerning the Dominion Corset Company, in stating that in congratulating Mr. G. E. Amyot on his remarkable recovery from what might have proven to be a less fortunate blow, it is extending a courtesy to one of its most esteemed customers.

FIGURES WILL DISAPPOINT.

Ottawa, Oct. 8.—It is stated that when the census figures are made public in the course of the next few days they will show that the population of the Dominion is considerably less than 5,000,000. It was estimated at 5,000,000 when the last census was taken over 8,000,000 but they are likely to be disappointing to the extent of a few hundred thousands. The difficulty of making an accurate estimate is increased by the fact that a record is kept of the number of people who leave Canada to settle in other countries, including the United States.

CARDINAL GIBBONS RECORDS HIS PROTEST

To so-called Reformers Not Minded to Fight Direct Election of Senators as Well as the Introduction of the Referendum, and the Recall of Judges.

Baltimore, Md., Oct. 9.—In the course of his jubilee sermon, delivered at the cathedral here today, Cardinal Gibbons expressed unqualified disapproval of three important propositions which have commanded a large share of public attention, namely, the direct election of United States senators by the direct vote of the people, the referendum proposal which is being advanced in several western states providing for the initiation of legislative enactment to the voters for ratification, and the recall of the judiciary.

While it is the cardinal's custom to preach on the first Sunday of every month, his discourse today was in the nature of a prelude to the religious celebration of his golden jubilee as a priest of the Catholic church and the silver anniversary of his cardinalate, which began on October 10, 1841, and continues until the 19th.

Defining the duties of his brethren of the laity he exhorted them to be faithful in the practice of their religious and civic duties as citizens of the United States to take an active part in every measure that contributes to the good of the commonwealth.

"No man should be a drone in the social beehive," said his eminence. "No citizen should be an indifferent spectator of the political, social and economic questions that are agitated around him."

"At the present moment there are three political problems which are engaging the serious attention of our public men."

"It is proposed that United States senators should be elected by popular vote instead of being chosen by the state legislatures, as is provided by the constitution."

"It is proposed that the acts of our legislatures, before they have the force of law, should be submitted to the suffrage of the people who would have the right to vote."

"It is proposed to recall or remove an unpopular legislator before the expiration of his term of office."

"Doubtless wisdom of choice, the sense and patriotism of the advocates of these changes in our organic laws, but I hope I may not be presumptuous in saying that, in my opinion, the wisdom of the proposed amendments must be seriously questioned."

"The election of senators by the popular vote involves the destruction of a strong bulwark against dangerous popular encroachments. The reason for the contemplated change is that many of our state legislatures are charged with being venal, and that it is easier to corrupt a legislature than the whole people."

"If I may I would say: If you cannot trust the members of the legislature from whom they spring? If you cannot confide in our legislatures you cannot confide in human nature itself. If few of our legislatures have been found guilty of bribery, it is most unjust to involve all the others in their condemnation. I have sufficient confidence in the moral integrity of our legislatures to be convinced that the great majority of them have never had the knee to Mammon."

"I have never to Mob Law. To regard the masses the right of nullifying the acts of the legislature is to establish mob law, for an establishment of mob law, for an establishment of mob law because his decisions do not meet with popular approval is an insult to the dignity of our judiciary. For less touching to

the commonwealth is an occasional corrupt or incompetent legislator than one who would be the habitual slave of a capricious multitude, who has always the ear to the ground trying to find out the verdict of the people."

"The constitution of the United States is the palladium of our liberties and a landmark in our march of progress. That instrument has been framed by the anxious care and enlightenment of the fathers of this republic. Its wisdom has been tested and successfully proved that after a trial of a century and a quarter, it has weathered the storms of the century. That instrument has been trusted for the centuries to come."

"What has been good enough for our fathers ought to be good enough for us. Every change, either in the political or religious form, is not a reformation, it is a revolution."

"Better to hear the lie we know, than to try to others that we know not of."

"A man that runs about waving a new panacea for social evil, that he would be worshipped as a political and moral reformer. We all remember the story of Aladdin and the Wonderful Lamp. Better to trust to the old lamp of the fathers than to the new lamp of the moderns. It is a dangerous pitfall. Do not disturb the political landmarks of the republic."

ENTERTAINMENTS

MADAME SHERIDY AT EMPIRE.

No musical comedy of recent years has won the praise of the New York critics in such unqualified terms as "Madame Sheridan," which Woodstock and Lebler are now presenting in New York, at the New American Grand and which will be seen here at the Empire Theatre, Monday, October 16. "Madame Sheridan," Paris, Vienna and London for the past three years. "Madame Sheridan" has been revised for the American stage by Otis Harbach and given a most charming musical setting by Karl H. Schramm. Its 22 musical numbers are positively infectious in their infectious quality. It is a diamond of construction, and its cast members, comedically, and its wonderful chorus which has been the talk of Manhattan ever since the opening night. A special orchestra has been added to the attractions of "Madame Sheridan."

SORROW AT THE LYCEUM.

There is gloom and sadness with the Lyceum Theatre. The cause of the same is the loss of their mascot, Miss the troupe were playing Calvary. While the troupe, the sobriety of the company, one evening on her way to the theatre discovered a poor friendless kitten outside the stage door. Miss Fisher brought it into the theatre and it became a favorite with all the members of the company. And she announced the official mascot of the show. When the company came to get ready for last night's performance there was no kitten to greet them. Manager Lewis has given a reward of \$5 for the return of the kitten. It has a collar on with the name "Joseph" engraved on the name plate.

MISS LAKE TAKES PART.

Miss Marjorie Lake, in private life the wife of Manager Lewis of the Lyceum, is in the city on a visit with her husband. Miss Lake is the manageress of the Vancouver company as well as prima donna. Incidentally during her stay here she will make several private numbers for the chorus. They are doubtless all to be given. Miss Lake has an enviable reputation as a director who can show results.

NEWS OF THE DISTRICT

CAMROSE Bulletin News Story.

That the time is not far distant when public utility companies will have to be apportioned for them, was pointed out by the public utility companies in a meeting held last week. With the Electric Light and Power Plant requiring the attention of a capable man and with the water works and sewerage system requiring the aid of an expert, the public utility companies are of the opinion that the time is not far distant when public utility companies will have to be apportioned for them. The attendance was not as large as was expected, but the weather conditions and the lateness of the hour accounted for this. The public utility companies are of the opinion that the time is not far distant when public utility companies will have to be apportioned for them. The attendance was not as large as was expected, but the weather conditions and the lateness of the hour accounted for this. The public utility companies are of the opinion that the time is not far distant when public utility companies will have to be apportioned for them.

What has been good enough for our fathers ought to be good enough for us. Every change, either in the political or religious form, is not a reformation, it is a revolution.

Two well-attended meetings have been held this week for the purpose of organizing a curling club. The meetings were held at the location of the curling rink. The meetings were held at the location of the curling rink. The meetings were held at the location of the curling rink.

It is proposed that United States senators should be elected by popular vote instead of being chosen by the state legislatures, as is provided by the constitution.

It is proposed that the acts of our legislatures, before they have the force of law, should be submitted to the suffrage of the people who would have the right to vote.

It is proposed to recall or remove an unpopular legislator before the expiration of his term of office.

Doubtless wisdom of choice, the sense and patriotism of the advocates of these changes in our organic laws, but I hope I may not be presumptuous in saying that, in my opinion, the wisdom of the proposed amendments must be seriously questioned.

The election of senators by the popular vote involves the destruction of a strong bulwark against dangerous popular encroachments. The reason for the contemplated change is that many of our state legislatures are charged with being venal, and that it is easier to corrupt a legislature than the whole people.

If I may I would say: If you cannot trust the members of the legislature from whom they spring? If you cannot confide in our legislatures you cannot confide in human nature itself. If few of our legislatures have been found guilty of bribery, it is most unjust to involve all the others in their condemnation. I have sufficient confidence in the moral integrity of our legislatures to be convinced that the great majority of them have never had the knee to Mammon.

I have never to Mob Law. complete his task, but feeling that he would run amok again, his friends took the knife and, after some time, succeeded in subduing him and sending him to leave the street. Although he only succeeded in scratching one of his assailants, George was very well in his intention and that for the present he would remain in the street. He would have committed suicide.

STRANGE PHENOMENON

Captain of Schooner Reports That Four New Islands Sprang Up

San Francisco, Cal., Oct. 9.—Fred Schroeder, captain of the 490-ton schooner Rivers, brought a marvelous story from the Arctic waters. He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters.

He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters.

He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters.

He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters.

He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters.

He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters. He said he had seen four new islands in the Arctic waters.

Where to Winter

We offer two magnificent resorts in sunny California, where the sun and sea breeze and the purest water are yours to enjoy every day in the year.

The reduced winter rates at our "Pacific Grove Hotel" which includes excellent food and board are from \$25.00 per day up, with privilege of access to the magnificent grounds, golf links, tennis courts and other attractions of Del Monte.

Our Hotel Del Monte is known the world over as the most magnificent and complete hotel in the American continent. It is a rare place to visit. The climate is of a semi-tropical garden, 128 acres of ground, 7.5 miles of beach, 10 miles of water, 10 miles of forest, 10 miles of park, 10 miles of road and board and attraction of Del Monte.

Cottages and bungalows for housekeeping can be rented at from \$15.00 to \$75.00 per month. Living is cheap. Write at once for particulars to H. H. Warner Del Monte, California.

AROUND THE CITY

LOCALS.

The meeting of the Board of Trade that was to be held Tuesday has been postponed for one week.

Mr. and Mrs. T. J. McLaren and Miss Pearl Goodrich, 14th street, returned from a trip to Seattle and Vancouver.

Mrs. James McCausland and her daughter Edith, have just returned to Edmonton after spending the summer at the Coast.

The Chorus Friends' social is this evening in the LOOPE, 14th, N. main avenue, at 8:30 p.m. Good orchestra in attendance and a good time is expected.

The regular monthly meeting of the Humane Society will be held in All Saints' Auditorium on Wednesday at 3 p.m. The Band of Mercy will meet in the same place at 4:15. All members are cordially invited to attend.

Y.M.C.A. DEBATING CLUBS.

Two Y.M.C.A. debating clubs will probably be formed some time during the present month. Secretary J. W. Ward has the idea in mind and as soon as the fine weather begins to wane the two clubs will be in full swing and parliamentary debate and tactics will be inculcated into the association members. One of the clubs will be made up of experienced debaters while the other will be composed of "green hands" at the game.

COMMITTEES FOR TRAIL.

Two pioneers, a man and a woman, were brought in from Leduc yesterday afternoon, in charge of Mounted Police constables. They are charged with the theft of a quantity of household goods. The man's name is Lament, while the woman is Jane Lament. They were committed for trial on the charge of theft but it will probably be a month or more before they receive a hearing at district court sittings.

BIKES STOLEN.

R. V. Bouch, of Cecil Court, Ponchar block was the victim of a piece of petty thievery last night about 11 o'clock as a result of which he is out on a bicycle. The theft has been reported to the police and it is likely the wheel will be recovered. Mr. Bouch had just ridden to a house in Fourth street and left his bicycle on the sidewalk. When he returned it was gone and he lost no time in making tracks to the police station. It is probable that some mischievous youngster with pilfering propensities lifted the machine.

GRACE CHURCH TEA.

The anniversary services at Grace Methodist church were conducted last night with a very successful tea in the school room of the church. There was a large crowd and over \$70 will be added to the fund collected for the Sunday service. This amount will be devoted to the building fund. At the conclusion of the supper a splendid program was given in the church auditorium, presided over by the Rev. Thos. Powell, pastor of the church. The visiting ministers who gave greetings from their respective congregations were: Rev. A. C. Myles, of Westminster Presbyterian church and the Rev. J. W. Deane, of Synagogue avenue Baptist church.

SUSPECTS DISMISSED.

Unable to secure authentic evidence to warrant further proceedings in the case, the city authorities yesterday afternoon, after a hearing, discharged Kenneth McCree, Joseph Smith and Ernest H. Dalnair, and two were discharged from custody. The three suspects have been held for about ten days pending investigation into the burglary of Shaw's jewelry store at 414 N. main avenue on the night of September 28. The criminals got away with approximately \$5,000 worth of watches and rings.

WINS A WESTERN PRIZE.

All plans look well, but in tone and workmanship Masters' show excellence in the local district last week made quite a simple looking release. When the answers submitted were reviewed by the judges on Monday afternoon, it was not such an easy job to select as it appeared. According to the rules the first prize went to the person sending in the seventy-fourth correct solution. The prize and as the winner was only reached after 121 answers had been examined it will be seen the release was not altogether an easy one.

THE PRIZE AWARDED WAS A MASTERS' PRIZE.

The prize awarded was a Masters' plan—the best in the workmanlike and the fortunate was Mrs. M. C. Clendinning, 756 Twenty-fourth street, wife of J. M. Clendinning, M.A. of the High School teachers' union. A satisfactory feature of the affair is that Mr. and Mrs. Clendinning had just recently commenced housekeeping and a high-class piano is all that was lacking to complete their new home, and their good fortune in winning the instrument might be said to have been a home where it is generally recognized.

THE JUDGES IN THE CONTEST WERE

MEANS, JENNINGS, HAYES, AND McADAMS, managers of the city's daily papers, and in the neighborhood of 200 pupils were received.

CURLING MEETING.

The annual meeting of the Capital Curling Club at Edmonton will be held next Thursday night in the curling rink at 10th street. Officers for the ensuing year will be elected and other routine business finished.

READING OF CHARACTER.

Prof. Alexander will continue his lectures at the Majestic theatre this night, giving first character by Tuesday, Crime and Violence, Wednesday, Disease and How to Avoid, and Thursday, Prevention—Collection (ask for).

THURSDAY, THE GREAT LECTURE.

Prof. Alexander will continue his lectures at the Majestic theatre this night, giving first character by Tuesday, Crime and Violence, Wednesday, Disease and How to Avoid, and Thursday, Prevention—Collection (ask for).

WEST JASPER SUBWAY.

Recent indications are that work will be commenced early in the spring on the proposed subway of the Canadian Pacific Railway Company between Twelfth and Tenth streets. Notices have already been received in the city that tenders will shortly be asked for the work. The plans have already been drawn up by the company and are being passed by city engineers. It is hardly likely that any difficulty will arise between the city and the C.P.R. over starting the work this fall. If the company sets out to start work immediately the city will request a postponement until spring as a commencement of work with uncertain weather ahead of the contractor would leave the streets affected in an almost impassable condition during the winter months. If on the other hand if C.P.R. insists on proceeding with the work the city will request an assurance that operations will be continued until the work is completed.

A PITIFUL CASE.

P. M. Pinder, better known as "Paddy," was examined before Judge Cowan yesterday afternoon and was examined as to his sanity. It is just two weeks since he attempted to end his life by putting a bullet through his head, and he was still in a very weak condition. It is now generally certain that he will not be a public nuisance and a complete loss of memory are the results of his rash act.

THE RESULT OF YESTERDAY'S EXAMINATION.

At the examination yesterday he had not the slightest idea as to his condition. The medical evidence was submitted, which went to show that Pinder's mind had been unbalanced by the effects of the shot which caused him to end his life. This evidence will be handed to the Grand Jury which will pass on the case.

PINDER CASE.

Pinder's case is a very pitiable one. At the examination yesterday he had not the slightest idea as to his condition. The medical evidence was submitted, which went to show that Pinder's mind had been unbalanced by the effects of the shot which caused him to end his life. This evidence will be handed to the Grand Jury which will pass on the case.

BOTH BLYVANS CARRIED.

Considerable loss took four hundred votes were cast on each of the two money ballots submitted yesterday for the approval of the Mayor. It is probable that yesterday's election will go down in history as the heaviest defeat in the incorporation of the city. Most of the votes were cast during the afternoon as only nineteen ballots had been marked at the city hall at noon.

THE FIRST MENTIONED BLYV, NO. 357.

provides for the expenditure of \$21,000 for the purpose of erecting a property from Mary street to Holland street on the south side of the city. The new east end bridge, Blyv No. 214, built for the raising by debentures of \$40,000 for the construction of a children's shelter in accordance with the terms of the act carried in the last election.
